TEKLA THERMAL BOTTLE PUSH, FUDGE, PANTONE 4261C

5018683

Tekla Push is a sleek and functional thermos bottle designed for those always on the move – created for an active and mindful lifestyle. The bottle features a smart push-lock that opens with a simple press, without compromising on style or leakproof performance. It's the same insulated thermos bottle as our original Tekla Round, now with an even sportier feel. Made from recycled stainless steel, with vacuum-insulated double walls and a thin copper layer that keeps drinks hot for up to 12 hours or cold for 24 hours. The powder-coated surface provides a matte look, a secure grip – and is dishwasher safe. Tekla Push is available in several stylish color options and pairs perfectly with other products in the Moments To Go range. Delivered in a classic Sagaform box.

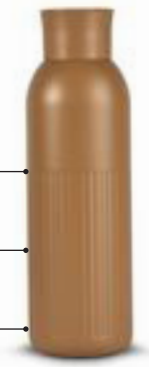

- Recycled stainless steel with copper coating, double-walled and powder-coated surface
- recycled PP
- silicone
