TALIA THERMAL MUG, BLUE, PANTONE 2379C

5018777

The Talia Travel Mug is designed for those who want to keep plenty of their favourite drink close at hand throughout the day. Its sleek design is defined by distinctive stripes and a handle with softly rounded corners for a comfortable grip. The mug offers two drinking options in one – choose between the twist function for drinking directly from the mug or use the straw, depending on your drink and the occasion. The double-wall construction made from recycled stainless steel, with copper insulation and a ceramic interior, keeps drinks hot for up to 6 hours or cold for up to 12 hours. The leak-proof closure makes it safe and convenient to take with you. It fits most car cup holders and is perfect for commuting, travelling or working out. Available in several colours and can be combined with other products from the Moments To Go collection. Capacity: 1.2 l. Made from recycled stainless steel. Dishwasher safe and food safe. Design: Studio Sagaform. Delivered in a classic gift box.

- Recycled 304 stainless steel with copper coating, double-walled and powder-coated surface
- recycled PP
- silicone
- ceramic interior
