INKA CUP, WHITE

CATALOG NUMBER

5018431

CATEGORY

CERAMIC MUGS

CATEGORY

-

DESCRIPTION:

With Inka cup we wanted to create a neat, large enough stackable mug in nature's many soft and colourful nuances. A mug for everyday life at home or the office. The cup has a rounded foot creating a soft silhouette in contrast to a chunky edge decorated with Sagaform's characteristic stripe. The base has a practical drainage channel to avoid collecting water when it has been in the dishwasher. Made of stoneware.

Material: Stoneware

Size: ø8x9cm 27cl
