DESCRIPTION:

With the Inka mug, we aimed to create a smooth, appropriately sized, and stackable cup available in various natural and soft colors. Perfect for everyday life and the workplace. The mug features a rounded base that gives it a soft silhouette, contrasted by a sturdy rim with Sagaform's characteristic stripe. It also includes a practical, stylish handle. It pairs perfectly with the Inka mug without a handle, both because they stack easily and cater to different preferences. The bottom has drainage channels to prevent water from pooling in the dishwasher. Made of stoneware. Available in basic colors and exciting collection colors. Dishwasher safe. Designed by Studio Sagaform.
