

# TED CAR MUG, BLUE

5018548

sagaform

The Ted travel mug quickly becomes a favorite for those who enjoy always having a hot or cold drink on hand. Made from recycled stainless steel, the design is grip-friendly with a practical handle and a smart push function on the lid. Ted has a clean design and is patterned with the characteristic Saga spirit. The double-walled, vacuum-insulated design features a high-quality thin copper layer on the outside of the inner wall, providing better insulation to maintain the temperature. You can drink from the mug 360 degrees, as if there were no lid, giving the feeling of drinking from your favorite cup. Powder-coated. Dishwasher safe. Keeps warm for 4 hours and cold for 8 hours. Holds 28 cl. Design by Studio Sagaform. Delivered in a classic Sagaform box.

- Recycled steel
